## Guiding Governance and Leadership Excellence in Africa

### **Smart Digital Leadership: Board Digital Governance Training**

**Date: 31<sup>st</sup> May to 5<sup>th</sup> June 2025**

**Venue: Addis Ababa, Ethiopia**

#### **Introduction**

In a rapidly transforming digital landscape, effective governance is essential for boards to steer organizations through disruption, innovation, and risk. Digital leadership at the board level is no longer optional—it is a strategic necessity that ensures accountability, agility, and long-term resilience. This course equips board members and senior executives with the knowledge and tools to oversee digital transformation, manage emerging risks, and align technology initiatives with corporate strategy. Participants will gain insight into how governance frameworks, cybersecurity oversight, and data-driven decision-making shape sustainable digital performance and stakeholder trust.

Through global case studies, interactive workshops, and scenario-based learning, participants will explore how to strengthen digital oversight, build responsible governance structures, and drive strategic alignment between technology and enterprise objectives. The course provides practical frameworks for integrating AI, data governance, and cybersecurity within the board's agenda, enabling participants to confidently lead digital transformation with integrity, foresight, and impact.

#### **Target Audience**

- Board chairs and members
- Chief executive officers
- Chief information officers
- Chief digital officers
- Corporate governance professionals
- Chief risk and compliance officers
- Strategy and transformation directors
